INDEX

WHO WE ARE

We are Gullwing Racing Insurance: your one-stop-shop in affordable and bespoke motorsports insurance solutions.

You can always expect our staff to go the extra mile so you only have to focus on what lies ahead; staying ahead of the competition.

We work closely with A+ rated insurers.

We have been a preferred insurance supplier to the motorsports industry for more than 25 years. An achievement of which we are very proud.

We are not racers but fulltime dedicated motorsport insurance specialists.

We know what drives you!

"Gullwing Racing Insurance offers very quick and fair claims handling. Without their comprehensive insurance our expenses would have been a lot bigger!"

AHEAD OF THE COMPETITION

We stay ahead of our competitors by offering a personal and multilingual service, clear and to the point policy wording and efficient claims handling. We work closely with A+ rated insurers and lead the market in offering the highest sums insured available. With the protective wings of Gullwing Racing Insurance, our clients only have to focus on what lies ahead: staying ahead of the competition.

WE SPEAK YOUR LANGUAGE

We do not only speak the same language when it comes to our interest in motorsports. Our multilingual staff offer a personal service. Together we speak six languages, which include English, German, Italian, Dutch, Spanish and French. We set the bar high when it comes to providing excellent customer service. Therefore, the majority of our insurance documents, online system and website are available in the same six languages for ease of communication.

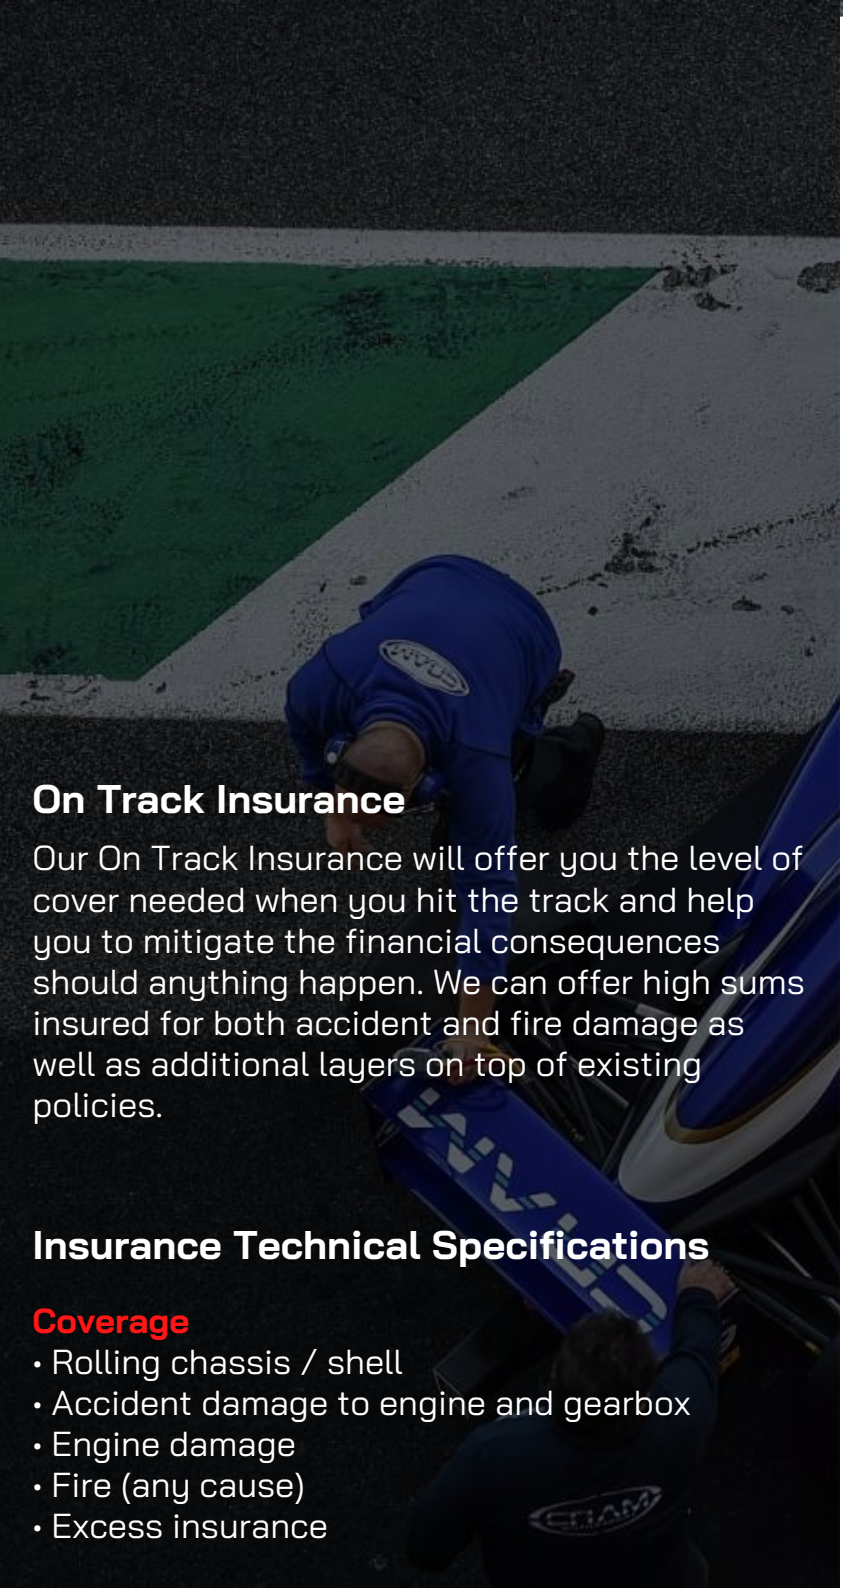

EFFICIENT CLAIMS HANDLING

We offer an efficient and uncomplicated online claims handling system. We have direct claims settlement authority from our insurers, which enables us to quickly turn around claims and settlements.

ON TRACK INSURANCE

On Track Insurance

Our On Track Insurance will offer you the level of cover needed when you hit the track and help you to mitigate the financial consequences should anything happen. We can offer high sums insured for both accident and fire damage as well as additional layers on top of existing policies.

Insurance Technical Specifications

Coverage

- Rolling chassis / shell
- Accident damage to engine and gearbox
- Engine damage
- Fire (any cause)
- Excess insurance

"You never change a winning team"

In all these years of Motorsport, Gullwing Racing Insurance has supported us excellent. They are professional in everything. I can only thank all the staff and in particular the Moesman family for their trust. I do not deny that we have been contacted by other companies both Italian and foreign but we have never considered to change partners. You never change a winning team, on the contrary, we have always suggested your company. I hope to stay within the Motorsport business for a long time, obviously in collaboration with Gullwing."

Gabriele Rosei | CEO Cram Motorsport

TRACK DAY INSURANCE

*"For years Gullwing has been a perfect partner in on-track insurance.
Quick and complete service, the one stop shop for insurance!"*

GP Elite

TRACK DAY INSURANCE

10

Track Day Insurance

We provide coverage for non competitive events for both road registered vehicles and competition vehicles.

Cover is available for free driving as well as for tutored or coached events. For track day organisers and track car rental companies we provide insurance products which allow you to quickly insure cars via our online platform.

If you are looking for competitive testing insurance, we can provide this through our motorsports insurance policy.

Cover for road registered vehicles includes airbags and navigation/entertainment systems.

Insurance Technical Specifications

Coverage

- Rolling chassis / shell
- Accident damage to engine and gearbox
- Engine damage
- Fire (any cause)
- Excess insurance

SPECIAL PROJECTS

FORMULA E LAS VEGAS DEMONSTRATION RUN

In 2017, Formula E organised a demonstration run with their demo car on the Las Vegas Strip. We arranged cover for the car transport from Europe to the US, insured the car for damage whilst running and also took care of the liability insurance in close cooperation with a local broker. We also provided cover for similar events in LA, New York, Geneva and Moscow.

RE-INSURANCE EXTREME E

At the request of the insurance carrier, we arranged re-insurance cover for part of the Extreme E transit and storage insurance.

RANGE

**LIABILITY
INSURANCE**

Liability Insurance

Our policies indemnify teams and / or drivers in respect of their legal liability for death or injury to third parties, or damage to third party property following an accident arising out of the event activities declared to insurers and covered within the policy.

The insurance policy includes cover for track damage.

Insurance Technical Specifications

Who?

We can provide liability insurance for organisers, race tracks and kart venues.

RALLY (RAID) INSURANCE

Rally (Raid) Insurance

We can offer bespoke and affordable insurance for your rally car. Whether you are taking part in National Rally, Rally Raid, FIA WRC, ERC, Hillclimbs or Slalom, we have the ability to provide high quality insurance cover.

Insurance premiums depend on rally length, surface and driver experience.

Insurance Technical Specifications

Coverage

- Rolling chassis / shell
- Accident damage to engine and gearbox
- Engine damage
- Fire (any cause)
- Excess insurance

TRANSPORT INSURANCE

Transport Insurance

When you ship your vehicle overseas, by air or via road transport, a total loss could be the least of your concerns. Our Storage and Transit insurance consists of an annual policy designed to provide accidental damage, fire, and theft cover. The level of coverage we offer can help protect you from the losses and exposures you may incur.

Insurance Technical Specifications

Coverage available for

- Race Cars
- Race Engines
- Spares
- Tools
- General Team Equipment
- Machinery and Plant
- Data Logging and Timing Equipment

Conditions

- ICC(A): considered to be the highest marine insurance cover for cargo because all risks besides risks of war, riots, and strikes are covered.
- ICC(B): slightly restrictive cover with a lower premium (15% discount). Besides risks of war, riots, and strikes, malicious acts of the third persons and piracy are also excluded from coverage.

**WHAT OUR
CLIENTS
SAY**

"We have been Gullwing customers for over a decade and cannot praise them highly enough. Outstanding customer service from all departments and, most importantly, a real understanding of the needs of a modern day racing team."

Vincenzo Sospiri Racing

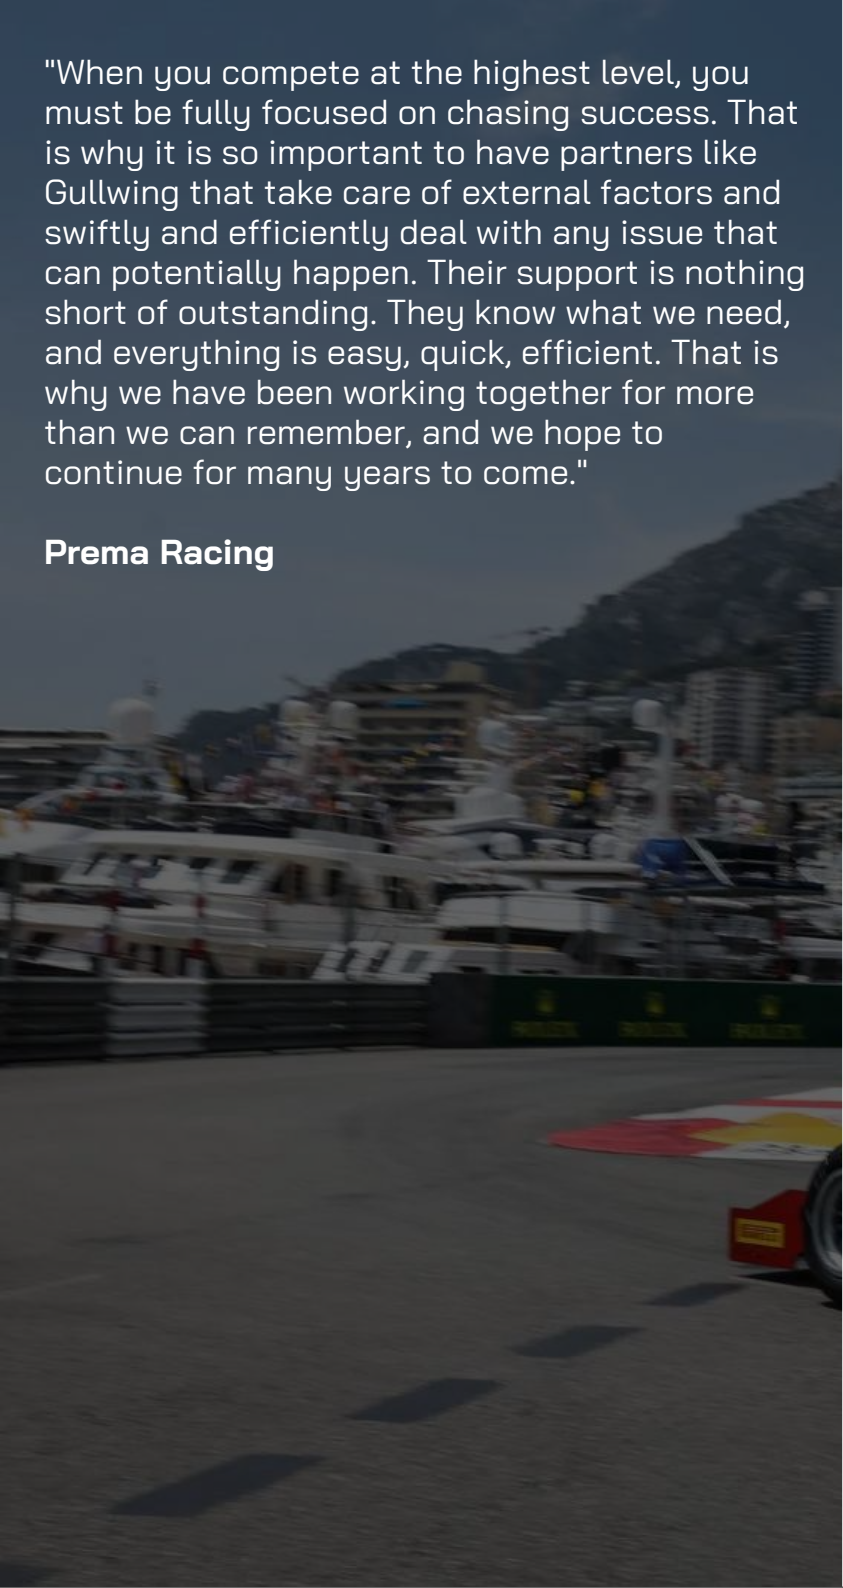

"Our experiences with Gullwing over the past 18 years are without a doubt excellent. We can ask them to cover cars at almost any time, always get quotations quickly when we need them for (potential) customers and they have a real knowledge of motorsport and an understanding of the position teams often find themselves in. Of course, we have no idea of everything that is continuously offered and adjusted on the market, but when we did research a number of times, we kept coming to the conclusion that their price and conditions are better than those of others. That added to the service and smooth communication makes it clear to us at VAR that all insurance related to racing is placed with Gullwing."

Van Amersfoort Racing

"When you compete at the highest level, you must be fully focused on chasing success. That is why it is so important to have partners like Gullwing that take care of external factors and swiftly and efficiently deal with any issue that can potentially happen. Their support is nothing short of outstanding. They know what we need, and everything is easy, quick, efficient. That is why we have been working together for more than we can remember, and we hope to continue for many years to come."

Prema Racing

MOTOR FLEET INSURANCE

Motor Fleet Insurance

Provides protection against compensation claims from third parties as a result of a motor accident. Cover can also be extended to indemnify the insureds vehicle against accidental damage, fire, and theft.

Insurance Technical Specifications

Coverage

Coverage is available for trucks and trailers, including hospitality units and RV's for motorsports teams. Cover can include the contents, awnings and quads.
