GULLWING PRESTIGE

With hyper cars exponentially becoming more advanced and better performing, Gullwing Prestige Insurance provides competitive insurance solutions for a wide range of them. Future classic car insurance covers twenty-first century cars, including those that are brand new. These will undisputedly be the classics of the future, whereas some cars only become classic with the passage of time.

Cover can be arranged for accidental damage or loss to your car when on public roads or whilst in storage. In addition, track day use can also be included.

We can also provide insurance for the use of automobiles in motion pictures and media productions, as well as annual policies for automotive publishing houses and automotive journalists. Track use can be included as well as cover for demonstrations, shows and media events.

TOP TIP

When registering for a championship in 2023, check the liability coverage carefully. If additional insurance coverage is required, we are happy to help you find a solution.

TRANSPORT & STORAGE

Did you know we can offer Transport and Storage insurance cover with attractive premiums and conditions? Often Transit Insurance policies expire on the 1st of January so now is the time to ask us for a competitive quote!

FIVE FAST FACTS

1) Gullwing Insurance celebrates 25 years

In 2023, Gullwing Insurance celebrates their 25th anniversary. To commemorate this, over the last few months we have been working on a very special project which will be finished in the coming months. Stay tuned!

2) Exclusive Allianz Global On Track Insurance distributor

Allianz Global appointed us as their exclusive On Track insurance distributor from January 2022. On behalf of Allianz we arrange insurance from quotation to full documentation and have direct claims settlement authority which enables us to quickly turn around claims and settlements.

3) How to save money on multiple track days

If you regularly participate in track days, we offer a 7.5% discount and no claims bonus if you take out 8 trackdays or more on a single insurance policy. Please note that we do not offer a refund for trackdays that have not been used before the end of the year.

4) How to save money on your On Track Insurance

Insuring multiple events on a single policy can lead to an upfront no claims discount or a multiple event discount. If multiple drivers are driving the same car, we recommend insuring them all under the same policy as this is the most cost effective option. Also consider taking out our Storage & Transit insurance policy. We offer special rates if you take out multiple insurances.

5) How to easily file an online claim

Step 1: Open a claim in your account on our website www.gullwing.com.

Step 2: Upload all relevant information such as photos and invoices.

Step 3: Our loss adjuster or claims handler will assess the net amount of the damages.

Step 4: If you agree with the Loss Adjuster/Claims Handler, simply confirm and the claim will be paid.
